**Subject:** IV&V Support for Spanish Translations

Good morning, Nildy. It was good to catch up with you yesterday afternoon and we look forward to working with yourself, Javier and Luis going forward. Per our discussion, NTT DATA will proceed with our support for the Spanish Translations. Marjorie Figueroa (with support from Carlos Cruz) will continue to work with Raquel and her team as they continue to make progress on this important detail for the PREE project.

Please respond back with a simple acknowledgement that you are good with us moving forward with this plan. I have also included the attached document with the details about our assistance with the translations activity. Please let me know if there are any questions.

Regards,  
Jim
